

# Apple CarPlay™ USER GUIDE

Available on select models, Apple CarPlay™ seamlessly integrates your iPhone® with your vehicle's MAZDA CONNECT™ display, allowing you to access useful features and apps while staying focused on the road ahead.

# Apple CarPlay™ CONNECT

Getting started with Apple CarPlay™ is easy — simply connect your compatible iPhone® to your Mazda vehicle and go!

## BASIC REQUIREMENTS

- To use Apple CarPlay, you'll need an iPhone 5 or above
- For best performance, it is always recommended that you update your iPhone to the latest iOS version
- You'll need an Apple Lightning® to USB cable or a high-quality, certified USB cable
- Siri® must be enabled to use Apple CarPlay

## CONNECT YOUR iPhone

- **Connect an Apple Lightning to USB cable** to your iPhone and the USB port labeled with a smartphone icon 
- MAZDA CONNECT™ will detect your iPhone
- If you're a first-time user, **follow the on-screen prompts** to enable Apple CarPlay
- If you're a first-time user, **tap "Allow" on the pop-up notification displayed on your iPhone.** This will allow your vehicle to access Apple CarPlay content on your iPhone without requiring you to unlock your iPhone first

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

# Apple CarPlay™ ACCESS

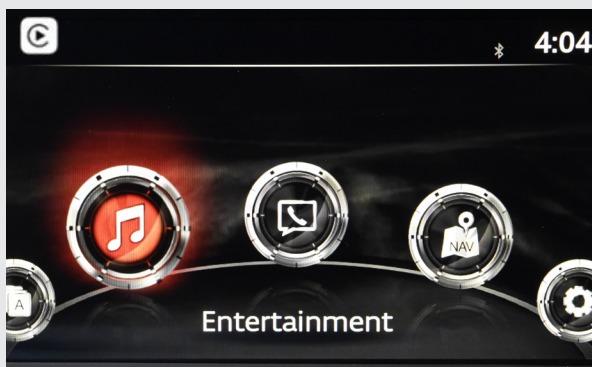

Once a compatible iPhone® is connected to the smartphone-enabled USB port, Apple CarPlay™ will launch automatically. There are also multiple, user-friendly ways to access and get started using Apple CarPlay from the MAZDA CONNECT™ home screen.

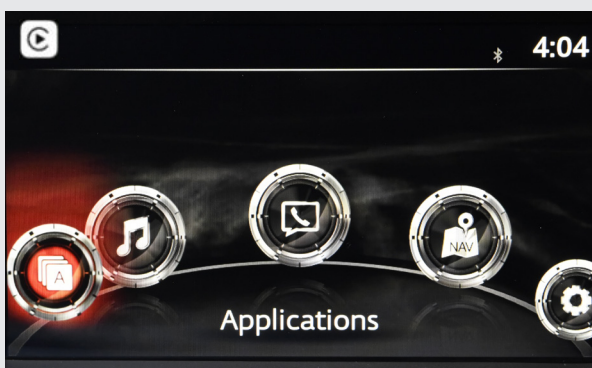

## COMMANDER CONTROL

- Once connected, the easiest way to quickly access Apple CarPlay from the MAZDA CONNECT™ screen is to **press and HOLD the Home button** until the Apple CarPlay screen appears

## APPLE CARPLAY ICON

- Tilt the Commander knob forward to highlight the Apple CarPlay icon  in the upper left-hand corner of the MAZDA CONNECT™ home screen. **Press down** on the knob to select

## APPLICATIONS MENU

- On the MAZDA CONNECT™ home screen, rotate the Commander knob to the left. Select “Applications,” then select “Apple CarPlay”

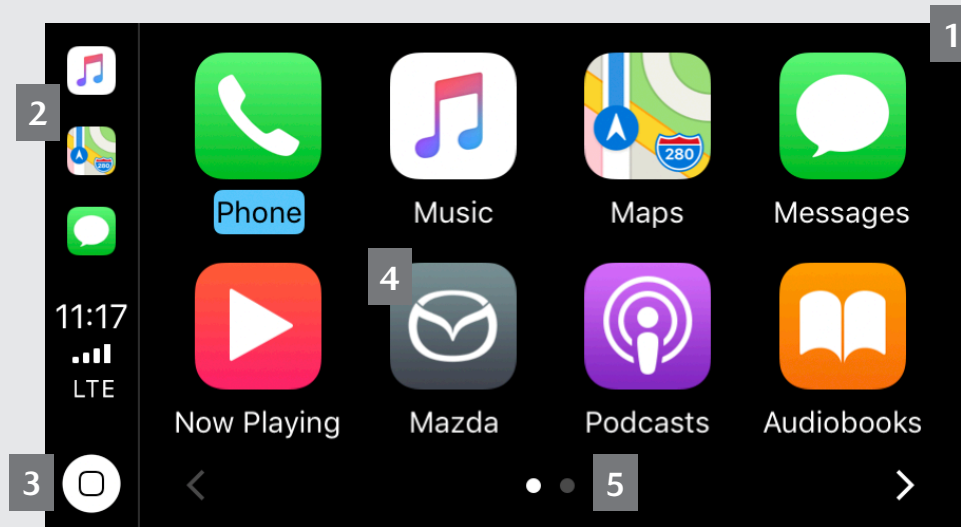

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

# Apple CarPlay™ HOME SCREEN

Apple CarPlay™ features a user interface that is similar to the home screen on your iPhone®. This familiar design allows intuitive access to phone, music, maps, messages and more.

## APPS, BUTTONS AND INDICATORS

- 1 Apps**  
Eight app tiles are displayed on the Apple CarPlay home screen. Rotate the Commander knob to highlight an app in blue. Press down to launch.  
*Note: Home screen layout may differ depending on apps downloaded and installed.*

- 2 Recently Used Apps**  
Shortcuts to the last three apps used are displayed on the sidebar on the left-hand side of the screen for quick access from any Apple CarPlay screen.

- 3 Apple Home Button/Activate Siri®**  
Use the Apple Home button to return to the Apple CarPlay home screen from inside any Apple CarPlay app. Or, press and hold to activate Siri, just like on your iPhone.  
*See page 6 for more on Siri.*

- 4 Return to MAZDA CONNECT™**  
Select to return to the MAZDA CONNECT™ home screen. You can also press and hold the Home button  on the Commander control to toggle between the Apple CarPlay and MAZDA CONNECT™ interfaces.

- 5 Additional Pages Indicator**  
Dots at the bottom of the screen indicate that more compatible apps are available on the next page. Rotate the Commander knob to the right to view more apps.

*For more information on how to interact with Apple CarPlay using the multi-function Commander control, see page 4.*

*Note: Touchscreen functionality is not available at speeds over 5 mph.*

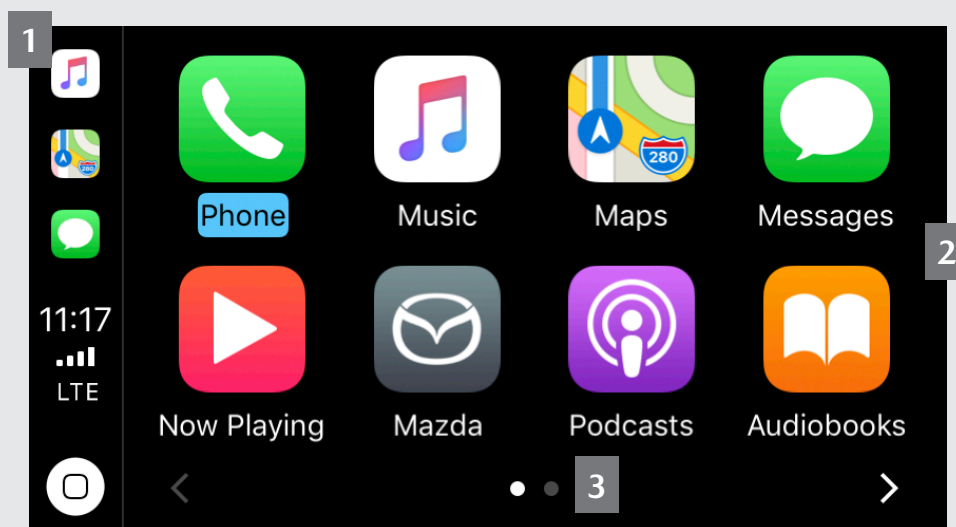

## CUSTOMIZING THE HOME SCREEN

Much like your iPhone's home screen, you can also rearrange and customize the apps displayed on the Apple CarPlay home screen. On your iPhone, open **Settings**, then tap **General**. In General settings, tap **CarPlay**. Then, tap **Mazda**. Use the Apple CarPlay home screen displayed on your iPhone to rearrange or hide apps.

# Apple CarPlay™ COMMANDER CONTROL

All Apple CarPlay™ functions can be performed using Mazda's multi-function Commander control, which is designed to make interacting with Apple CarPlay's features and functions easy and intuitive.

## USING THE COMMANDER KNOB ON THE HOME SCREEN

- 1** The sidebar contains recently used apps, clock, signal strength and the Apple Home button. The sidebar is available on all Apple CarPlay screens
  - To highlight a recently used app, **rotate the Commander knob to the left**. **Press down** to launch the highlighted app
  - To highlight the Apple Home button, **rotate the Commander knob to the left**
    - **Press the knob** to return to the Apple CarPlay home screen
    - **Press and HOLD** the knob to activate Siri
- 2** The middle of the screen displays apps compatible with Apple CarPlay. **Rotate the Commander knob left or right** to highlight the desired app. Then, **press down** to launch the app
- 3** To access additional pages of apps, **rotate the Commander knob to the right**

# Apple CarPlay™ COMMANDER CONTROL

Mazda's multi-function Commander control button shortcuts offer quick access to frequently used Apple CarPlay™ apps.

## USING THE HOME BUTTON SHORTCUT

- **Press and HOLD the Home button** to toggle between Apple CarPlay and MAZDA CONNECT™ screens (when a compatible iPhone is connected)
- **Press the Home button** to quickly return to the Apple CarPlay home screen from inside Apple CarPlay apps

## USING THE ENTERTAINMENT BUTTON SHORTCUT

- If you're listening to music or media from an app that is compatible with Apple CarPlay, **press the Entertainment button** to pull up the Now Playing screen
- When playing music via Apple CarPlay, the Entertainment button will open the Now Playing screen, even while using MAZDA CONNECT™
- When playing music via MAZDA CONNECT™, the Entertainment button will open the MAZDA CONNECT™ Now Playing screen, even while using Apple CarPlay

## USING THE NAV BUTTON SHORTCUT

- **Press the NAV button** to quickly access the Apple Maps screen
- If a route is set using Apple Maps, the NAV button will open the Apple Maps screen, even while using MAZDA CONNECT™
- If a route is set using MAZDA CONNECT™ Navigation, the NAV button will open the MAZDA CONNECT™ Navigation screen, even while using Apple CarPlay

# Apple CarPlay™

## VOICE COMMANDS

Siri® replaces the MAZDA CONNECT™ voice recognition system when a compatible iPhone® is connected to the smartphone-enabled USB port. Siri can be used to access many of your iPhone's functions while driving. Use Siri to enter a destination, send text messages and make calls — all without having to pick up your iPhone.

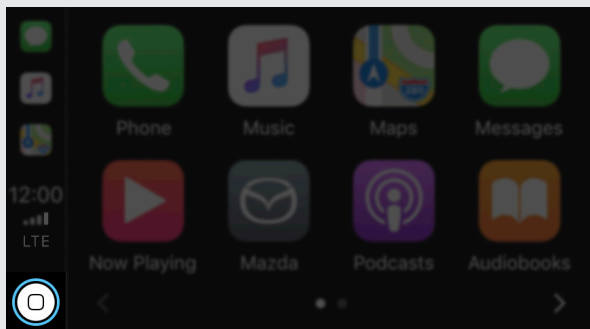

### ACTIVATING SIRI

### STEERING-WHEEL CONTROLS

- Press the “Talk” button on the steering wheel to activate Siri

*Note: Not all third-party apps support voice recognition through Siri.*

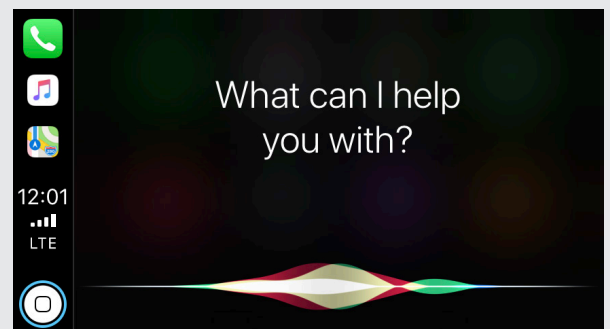

### COMMANDER CONTROL

- While on any Apple CarPlay screen, rotate the Commander knob to the left to highlight the white Apple Home button. Then, press and HOLD the knob to activate Siri

### SAYING COMMANDS

- After Siri is activated, the Siri screen will pop up on your Apple CarPlay screen, and you will be prompted to say a command. Speak your command clearly

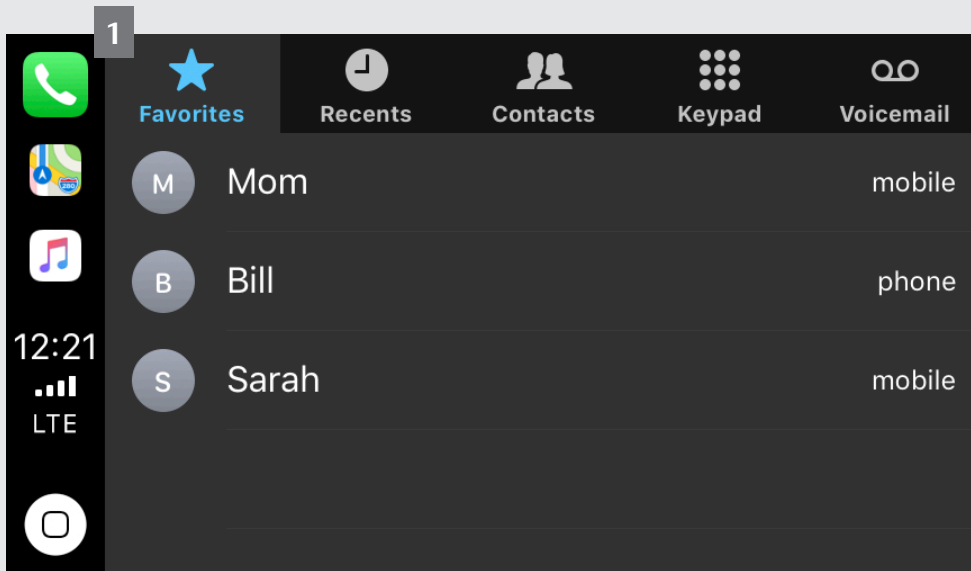

For more information on Siri functionality, visit:  
<https://www.apple.com/ios/siri/>

### FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

Making calls with Apple CarPlay™ is as simple as using your iPhone®.

- 1 Phone Categories**  
Phone menu categories are listed across the top of the Phone app. Select from the categories to view your favorites, recent calls, contact list, keypad and voicemail.

## USING THE PHONE APP

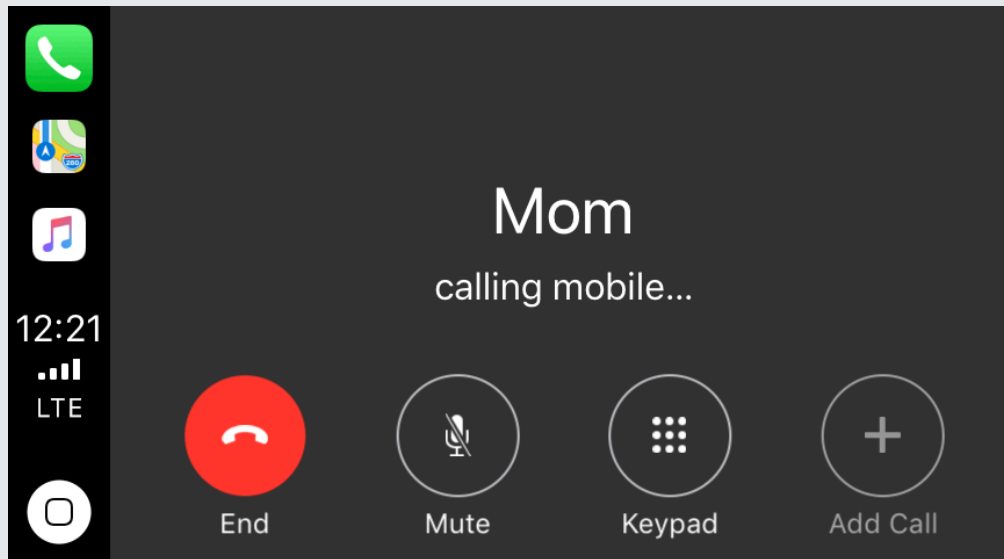

- From the Apple CarPlay home screen, **rotate the Commander knob to highlight Phone**
- **Press down on the knob** to launch the Phone app
- Using the Phone app, you can view your favorites, recent calls and full contact list
- **Rotate the Commander knob to highlight a category.** To select a contact, **rotate the knob** to highlight a contact. **Press down** to place a call

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

*Hands-free calling via Siri® helps keep you connected while maintaining focus on the road.*

## MAKING CALLS VIA VOICE COMMAND

- Press the “Talk” button  on the steering wheel to activate Siri®, then say “Call,” followed by a name from your contacts (e.g., “Call Jennifer Parker”)
- If you have multiple numbers stored for a single contact, Siri will prompt you to choose the appropriate number prior to dialing
- You can also rotate the Commander knob to **highlight the white Apple Home button**, then press and HOLD the knob to activate Siri

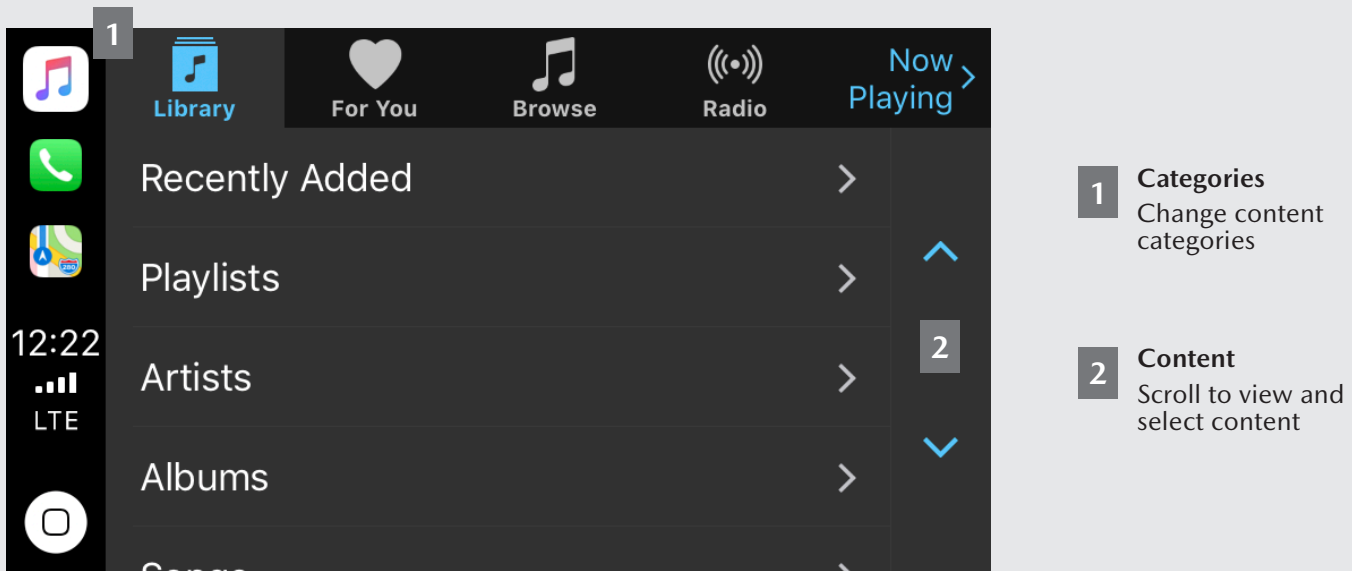

## ANSWERING AND ENDING CALLS

- To answer an incoming call, press the “Phone” button  on the steering wheel or rotate the Commander knob to **highlight the Answer icon** on screen
- To end a call, press the “Hang Up” button  on the steering wheel or rotate the Commander knob to **highlight the End icon** on screen

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

With Apple CarPlay™, you can access audio entertainment through the Apple Music app or compatible third-party music and media apps such as Spotify® and Pandora®.

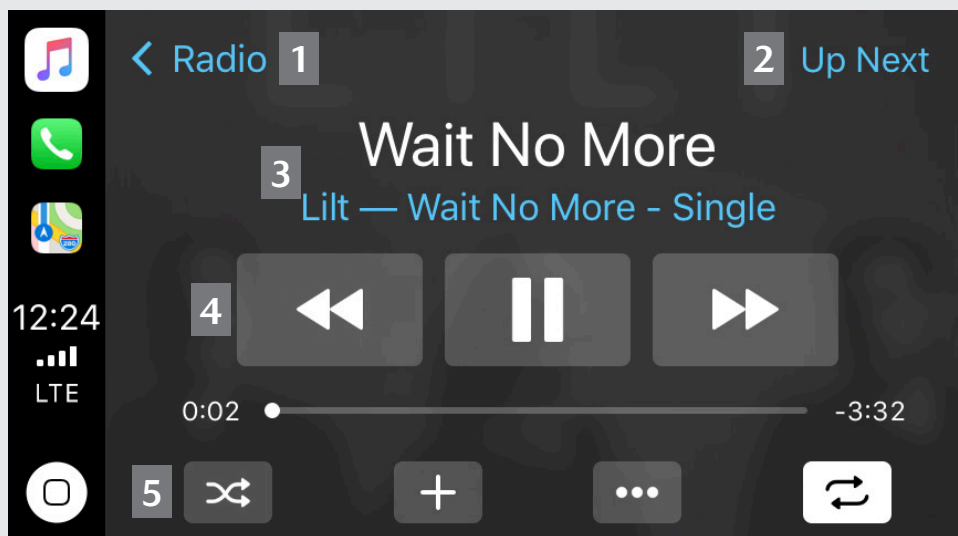

## PLAYING MUSIC

- From the Apple CarPlay home screen, **rotate the Commander knob to highlight Music, then press down on the knob to launch**
- If third-party music and media apps are downloaded and installed (e.g., Spotify, Pandora), rotate the Commander knob to launch the desired app
- Once an app launches, **rotate the Commander knob to scroll through your music or audio choices**
- Stop at the desired song, artist, album or playlist and **press down on the Commander knob to play**
- To quickly skip to the next song in a playlist or album, **press the “Skip” button on the steering wheel**
- To skip, pause, shuffle or perform other music/entertainment app-specific functions, **rotate the Commander knob to highlight the desired on-screen icon**. Then, press down to select

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

With Apple CarPlay™, all of your favorite music, podcasts, audiobooks and more are just a command away.

**1** Back  
Return to previous

**3** Now Playing

**5** Song Options  
Shuffle, add to  
playlist, more  
options, repeat

**2** Up Next  
See song queue

**4** Song Controls  
Skip/pause

## USING VOICE COMMANDS TO PLAY MUSIC

- Press the “Talk” button  on the steering wheel to activate Siri®, then say “Play,” followed by your desired music (e.g., song title, album name, artist name)

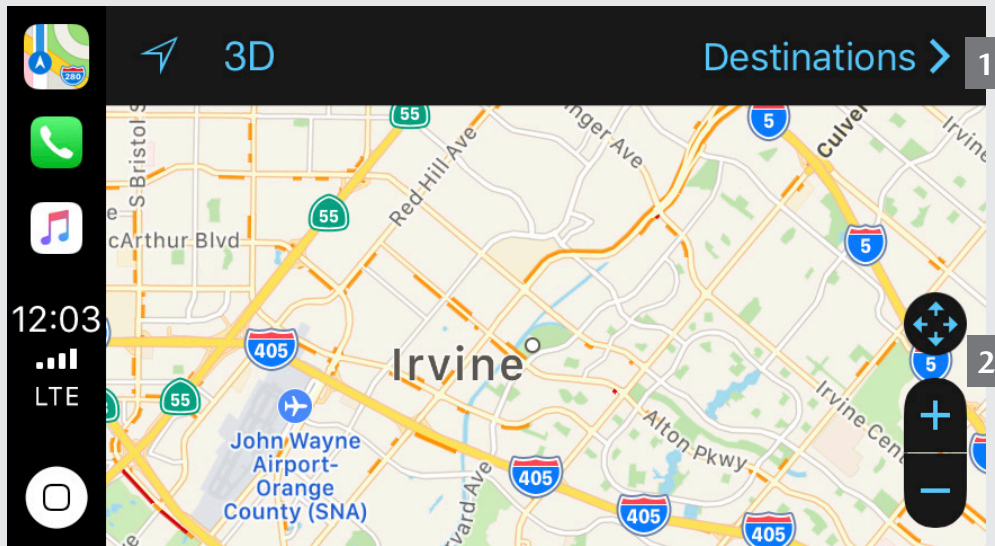

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

# Apple CarPlay™ MAPS

With Apple CarPlay™, you can input, search for and select a destination to receive turn-by-turn route guidance via Apple Maps™.

1 Menu Bar

2 Map Controls

## ACCESSING APPLE MAPS

- On the Apple CarPlay home screen, **rotate the Commander knob to highlight Maps. Press down to launch the app**

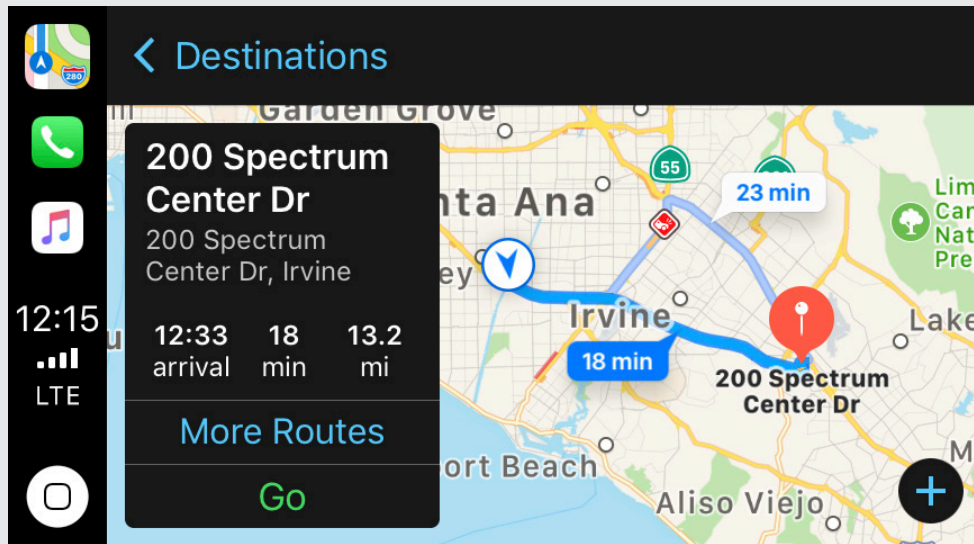

## INTERACTING WITH APPLE MAPS

- Menu options are listed in the top banner bar
  - To center the map, rotate the Commander knob to **highlight and select the arrow icon**
  - To toggle between 3D and flat map images, **highlight and select “3D”**
  - To access recent destinations and points of interest, **highlight and select “Destinations”**
- To adjust the map area, rotate the Commander knob to the right to highlight and **select the map adjust button**
- To zoom in and out of the map, rotate the Commander knob to the right to highlight and **select the toggle buttons (+/-)**

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

Navigating to a destination using Apple CarPlay™ is similar to using your iPhone®.

## NAVIGATING TO A DESTINATION

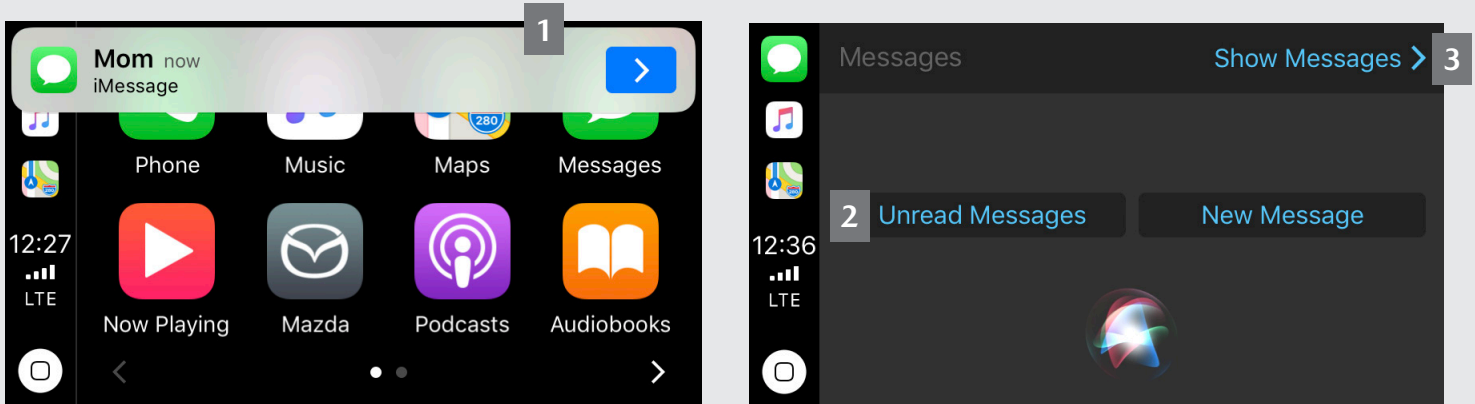

- Press the “Talk” button  on the steering wheel to activate Siri, then say “Navigate to,” followed by your destination (e.g., “Navigate to 200 Spectrum Center Drive”)
- Siri will prompt you to begin route guidance, or select “Go” to begin
- You can also use Siri to search for a point of interest (e.g., “Find a gas station nearby”)
- Select a point of interest from the list of search results

*Note: Apple Maps turn-by-turn route guidance is not available on Mazda’s Active Driving Display.*

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

While driving, Siri® will help you send and read messages without taking your eyes off the road.

## READING AND REPLYING TO MESSAGES

- All incoming messages are briefly displayed as banner notifications on the Apple CarPlay screen. To read or respond, **press down on the Commander knob when the banner notification is visible.** 1 Siri will prompt you to read and reply
- After the banner notification disappears, you'll see a red notification icon on your Messages app, indicating that you have an unread message
- **Rotate the Commander knob** to highlight Messages on the Apple CarPlay home screen. Press down to select
- Siri will prompt you to either listen to unread messages or compose a new message 2
- You can also **rotate the Commander knob to select "Show Messages"** 3 to view a list of contacts who have recently messaged you. Select to hear recent messages or send a new message

*Note: Text messages cannot be viewed via Apple CarPlay. Use Siri to read messages aloud while using Apple CarPlay.*

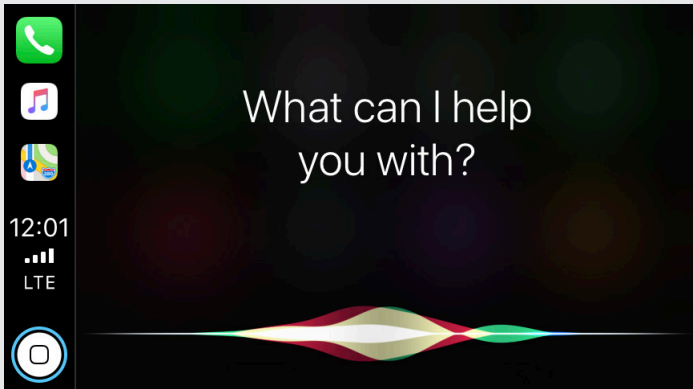

## FOR MORE INFORMATION

Visit the Apple CarPlay website at <https://www.apple.com/ios/carplay/>

# Apple CarPlay™ MESSAGES

*Just like using your iPhone®, keeping in contact is easy with Apple CarPlay™.*

## SENDING MESSAGES

- Press the “Talk” button  on the steering wheel to activate Siri®, then say “Text,” followed by the contact’s name (e.g., “Text Jennifer Parker”)
- You can also use the Commander control to send a message via Siri. On any Apple CarPlay screen, **rotate the Commander knob to highlight the white Apple Home button**. Press down and hold the knob to activate Siri, then say “Text,” followed by a name from your contacts
- Siri will prompt you to **dictate and confirm your message**
