P-touch®
ELECTRONIC LABELING SYSTEM

PT-90
User's Guide

English / Español

Introduction

With your PT-90, you can create labels for any application. Select from the many frames, character sizes and styles to design beautiful custom labels. In addition, the variety of tape cartridges available allows you to print labels with different widths and exciting colors.
Read this manual carefully before starting and keep the manual in a handy place for future reference.
The contents of this guide and the specifications of this product are subject to change without notice.

Safety Precautions

⚠ Warning
Follow these guidelines to avoid the risk of fire, burn, injury, electric shock, damage, overheating, abnormal odors or smoking.
• Do not use the machine in places of high humidity such as bathrooms.
• Do not swallow the cutter stopper.
• Do not get the machine wet, such as by handling it with wet hands or spilling beverages on to it.
• Do not disassemble or modify the P-touch labeler/batteries.
• Do not use metallic objects, such as tweezers or a metallic pen, when changing the batteries.
• Do not throw the batteries into fire or expose to heat.
• Remove batteries immediately and stop using the machine if you notice abnormal odor, heat, discoloration, deformation or anything unusual while using or storing it.

⚠ Caution
**Follow these guidelines to avoid personal injury, liquid leakage, burn and heat.**
• Do not touch the edge of the cutter near the print head.
• Remove the batteries if you do not intend to use P-touch labeler for an extended period of time.
• When power is disconnected for more than three minutes, all text, format settings and any text files stored in the memory will be cleared.
• Do not use old and new batteries together or mix alkaline batteries with other type batteries, or set the positive and negative end in the wrong position.
• Do not drop or hit the P-touch labeler.
• Do not press hard on the LCD display.
• Do not pull your finger between the covers when you close the back cover.
General Precautions

• Depending on the location, material, and environmental conditions, the label may unpeel or become irremovable, the color of the label may change or be transferred to other objects. Before applying the label, check the environmental condition and the material.
• Use only Brother M tapes with this machine. Do not use tapes that do not have the 🅼 mark.
• Only use a soft, dry cloth to clean the labeler; never use alcohol or other organic solvents.
• Use a soft wipe to clean the print head; never touch the print head.
• Do not put any foreign objects into the tape exit slot, etc.
• Do not place the P-touch labeler/battery in direct sunlight or rain, near heaters or other hot appliances, in any location exposed to extremely high or low temperatures (e.g. on the dashboard or in the back of your car), high humidity, or dusty locations.
• Do not apply excessive pressure to the cutter lever.
• Do not try to print if the cassette is empty; it will damage the print head.
• Do not pull the tape while printing or feeding; it will damage the tape and machine.
• Any data stored in memory will be lost due to failure or repair of the P-touch labeler, or if the battery expires.

Power Supply and Tape Cassette

1 Remove the cassette cover by pressing the above indicated area.
If a tape cassette is already installed, remove it by pulling it straight up. Also, if batteries are already installed, remove them.
• Make sure that the power is turned off when replacing batteries or tape cassettes.

2 Insert four new AAA alkaline batteries (LR03), making sure that their poles point in the correct directions.
• Always replace all four batteries at the same time using brand new ones.

3 Insert a tape cassette, making sure that it snaps into place.
• Make sure that the end of the tape feeds under the tape guides.
• Use only Brother M tapes with this machine.

4 Insert the two hooks at the bottom of the cassette cover into the slots on the machine (①), and then close the cover securely until it snaps into place (②).
After you have installed the tape, feed the tape (see "Feeding") once and then push in the tape cutter lever to cut the tape.

Changeable Faceplates

The PT-90 comes with a variety of different faceplates - enabling users to customize the machine. To change the faceplates, follow the steps below.

1 Remove the cassette cover by pressing the above indicated area. Slide the front cover back and lift up from machine.
• Make sure that the power is turned off when replacing the faceplate.

2 Remove the inserted faceplate, and then replace it with another one.
• Be sure to remove the protective film from the front side of the faceplate before replacing.
• Do not insert more than one faceplate at a time. If the front cover is forcedly closed with more than one faceplate inserted, the faceplates may get wrinkled or the front cover will not be able to be closed firmly.

3 Insert the hooks on the front cover into the slots on the machine, and slide back the cover into place.

4 Insert the two hooks at the bottom of the cassette cover into the slots on the machine (①), and then close the cover securely until it snaps into place (②).

LCD Display & Keyboard

NOTE
The LCD shows one row of 12 characters; however, you can enter up to 80 characters in length.

Troubleshooting

▶ Error message

Message	Cause/Remedy
Low Battery!	The batteries are weak. Replace them with new ones.
Full!	The maximum number of characters (80 characters for regular text, or 50 characters for DECO MODE) have already been entered.
No Text!	• You tried to print a text file when there is no data stored in the memory. • [Print] is pressed when no text is entered. • is pressed when no text is entered. • You tried to select [Copies] when no text is entered. • is pressed when no text is entered in the text entry screen of DECO MODE.
Line Limit!	You tried to enter a 3rd line by pressing (Maximum printable lines is 2).

▶ What to do when...

Message	Cause/Remedy
Invalid!	Invalid number is selected for [Label Length].
Text Limit!	• The text length exceeds the selected label length. • The text length exceeds 7.8" (200mm) when [Label Length] is set to [Auto] in DECO MODE. • If the minimum label length (1.2"/30mm) is selected, some frame types (Leaf or Star) will not allow you to enter additional text.
Cooling XXX	If the print head becomes too hot, your machine will stop printing and automatically start to cool down. The cool down time will be displayed. Once the print head is cool, printing will automatically continue. Do not touch the P-touch labeler while cooling.

Problem	Solution
The display stays blank after you have turned on the machine.	• Check that the batteries are correctly inserted. • If the batteries are weak, replace them.
The machine does not print, or the printed characters are not formed properly.	• Check that the tape cassette has been inserted correctly. • If the tape cassette is empty, replace it. • Check the cassette cover is properly closed.
The setting has cleared on its own.	• The batteries may be weak. Replace them. • When power is disconnected for more than three minutes, all text & formats in the display will be lost. Language and Unit settings will also be cleared.
A blank horizontal line appears through the printed label.	There maybe some dust on the print head. Remove the tape cassette and use a dry cotton swab to gently wipe the print head with an up-and-down motion.

Problem	Solution
The machine has "locked up" (i.e. nothing happens when a key is pressed, even though the machine is on.)	Refer to "Resetting the P-touch".
The power turns off when you try to print.	• The batteries may be weak. Replace them. • Check that the batteries are correctly inserted.
The tape does not feed properly or the tape gets stuck inside the machine.	• Check that the end of the tape feeds under the tape guides. • The cutter lever is used while printing. Do not touch the cutter lever during printing.
All text and format settings need to be cleared to create a new label.	Press while holding down , or go into Function mode and select .
To change language setting.	Refer to "Initial Settings".
