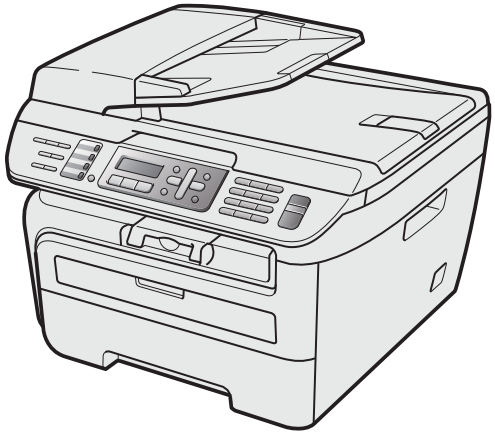
Quick Setup Guide

# MFC-7440N
# MFC-7340
# MFC-7345N



Before you can use the machine, you must set up the hardware and install the driver. Please read this 'Quick Setup Guide' for proper set up and installation instructions.

## STEP 1
Setting Up the Machine

## STEP 2
Installing the Driver & Software

## Setup is Complete!

Keep this 'Quick Setup Guide' and the supplied CD-ROM in a convenient place for quick and easy reference at all times.
To view the Quick Setup Guide in other languages, please visit http://solutions.brother.com/.
Note : Not all models are available in all countries.

Version A
USA/CAN

## Symbols used in this guide

| Warning | Caution | Improper Setup |
|---|---|---|
| Warnings tell you what to do to prevent possible personal injury. | Cautions specify procedures you must follow or avoid to prevent possible damage to the machine or other objects. | Improper Setup icons alert you to devices and operations that are not compatible with the machine. |
| Note | User's Guide, Software User's Guide or Network User's Guide | |
| Notes tell you how you should respond to a situation that may arise or give tips about how the current operation works with other features. | Indicates reference to the User's Guide, Software User's Guide or Network User's Guide which is on the CD-ROM we have supplied. | |

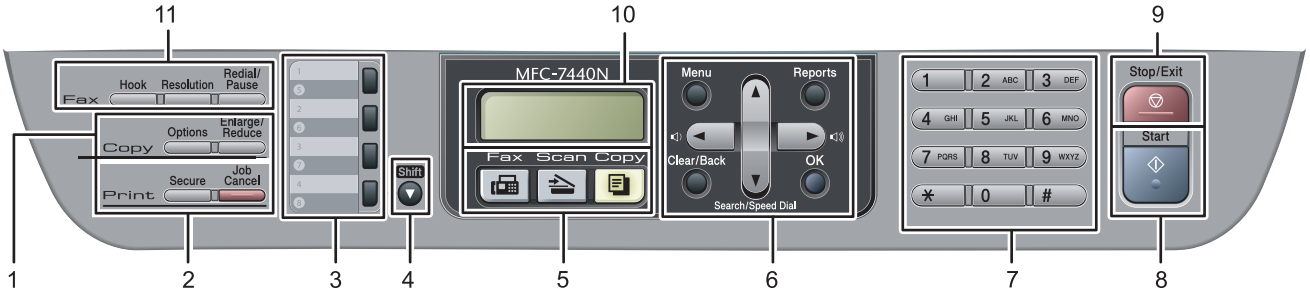
|  **CD-ROMs** For Windows® For Macintosh® |  **Quick Setup Guide** |  **User's Guide** |  **Drum Unit Assembly** (including Starter Toner Cartridge) |
|  **AC Power Cord** | **Telephone line Cord** |  **Test Sheet and Accessory Order Form (USA only)** | **USB Interface Cable (MFC-7345N Only)** |

The interface cable is not a standard accessory. Please purchase the appropriate interface cable for the interface you intend to use (USB or Network). Do NOT connect the interface cable at this time. Connecting the interface cable is done during the software installation process.

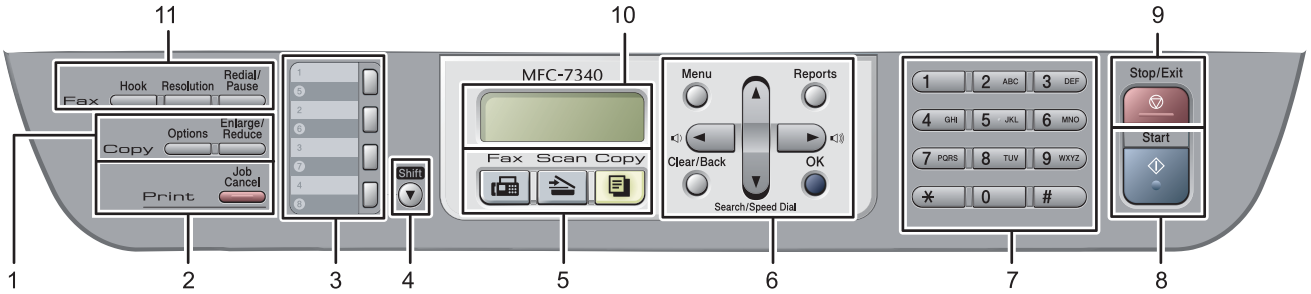
- USB interface cable
  Please make sure you use a USB 2.0 interface cable that is no longer than 6 feet (2 meters). When you use a USB cable, make sure you connect it to the USB port of your computer and not to a USB port on a keyboard or non-powered USB hub.
- Your machine has a USB interface that is compatible with the USB 2.0 specification. This interface is also compatible with Full-Speed USB 2.0; however, the maximum data transfer rate will be 12 Mbits/s. The machine can also be connected to a computer that has a USB 1.1 interface.
- Network cable (MFC-7440N and MFC-7345N only)
  Use a straight-through Category5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

## Control panel

**MFC-7440N and MFC-7345N have the same keys.**



**MFC-7340**

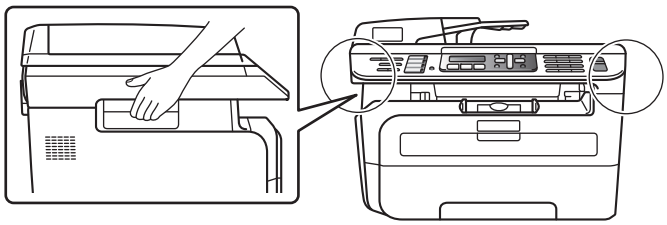


1 Copy keys
2 Print keys
3 One Touch key(s)
4 Shift key
5 Mode keys
6 Menu keys
7 Dial Pad
8 Start key
9 Stop/Exit key
10 LCD (Liquid Crystal Display)
11 Fax and Telephone keys

*For the details of the control panel, see Control panel overview in Chapter 1 of the User's Guide.*

**Note**

When you move the machine, grasp the side handholds that are under the scanner. Do NOT carry the MFC by holding it at the bottom.

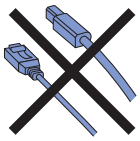


■ Illustration in this Quick Setup Guide are baced on MFC-7440N.

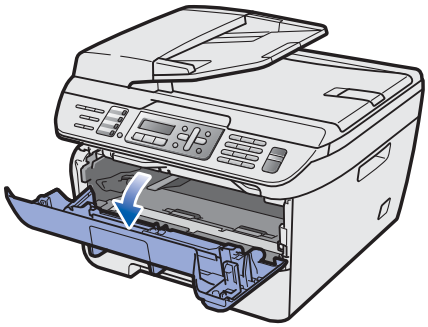
## 1 Installing the drum unit and toner cartridge assembly

### Improper Setup

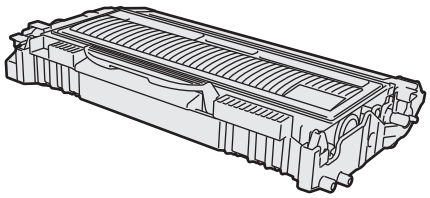
**DO NOT connect the interface cable. Connecting the interface cable is done when installing the driver.**



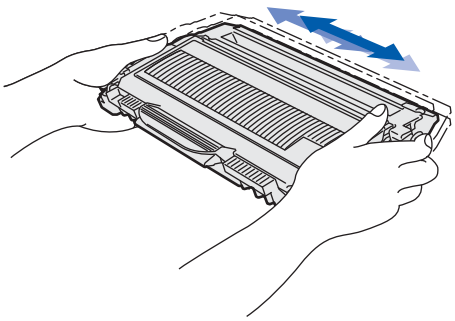
**1** Open the front cover.



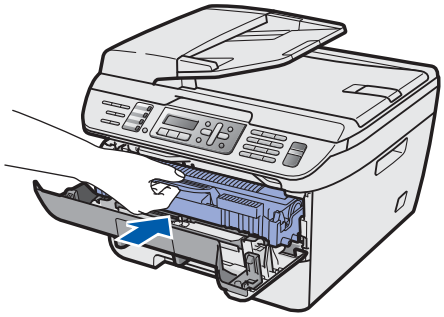
**2** Unpack the drum unit and toner cartridge assembly.

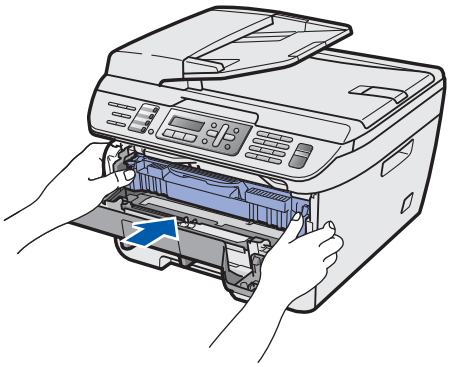


**3** Rock it from side to side several times to distribute the toner evenly inside the assembly.

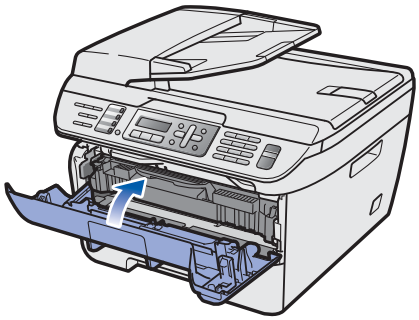


**4** Put the drum unit and toner cartridge assembly into the machine.



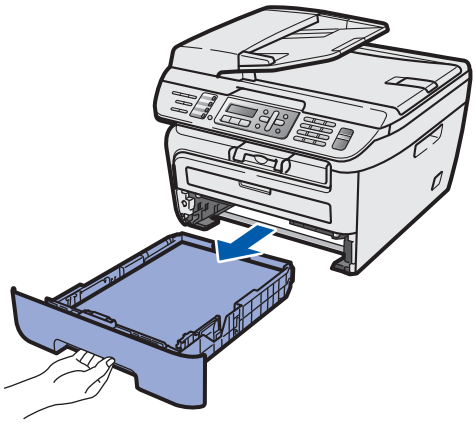


**5** Close the front cover of the machine.

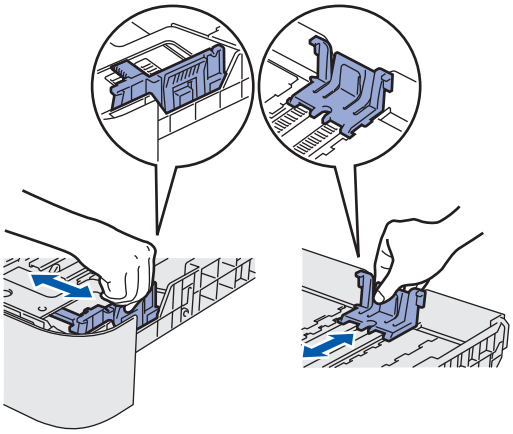


## 2 Loading paper in the paper tray

**1** Pull the paper tray completely out of the machine.

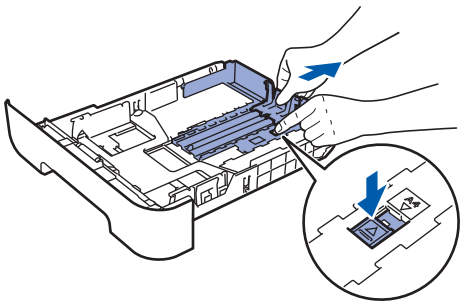


**2** While pressing the green paper-guide release lever, slide the paper guides to fit the paper size you are using. Make sure that the guides are firmly in the slots.

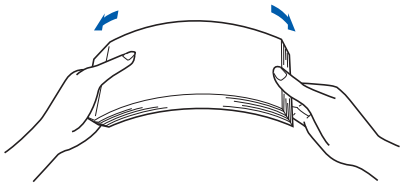


**Note**

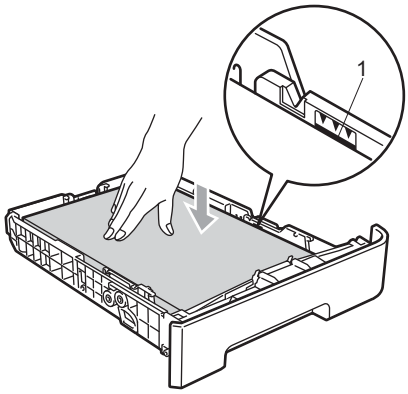
*For Legal size paper, press the release button in the bottom of the paper tray and then pull out the back of the paper tray. (Legal size paper is not available in some regions.)*



**3** Fan the stack of paper well to avoid paper jams and misfeeds.



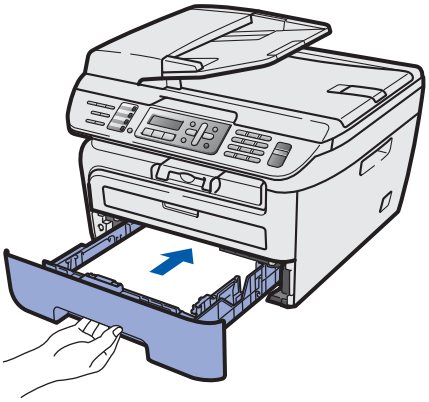
**4** Put paper in the paper tray. Make sure that the paper is flat in the tray and below the maximum paper mark (1).



**Caution**

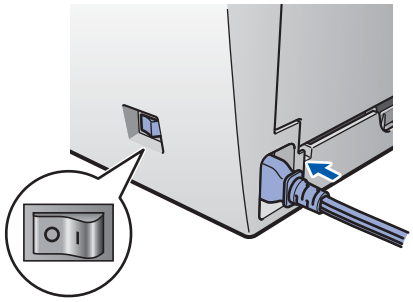
*Make sure the paper guides touch the sides of the paper so it will feed properly.*

**5** Put the paper tray firmly back into the machine. Make sure that it is completely inserted into the machine.

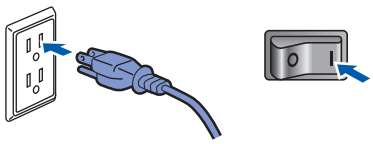


## 3 Install the power cord and phone line

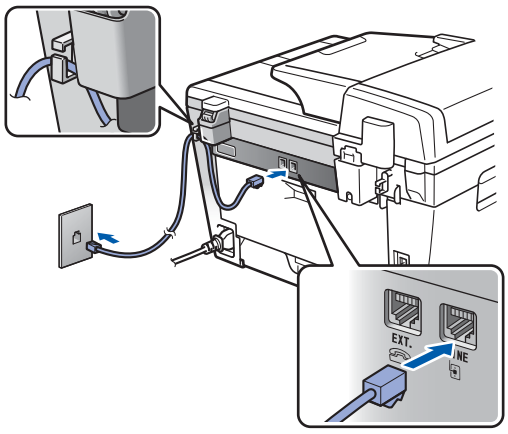
**1** Make sure that the machine power switch is off. Connect the AC power cord to the machine.



**2** Plug the AC power cord into an AC outlet. Turn the power switch on.



**3** Connect one end of the telephone line cord to the jack on the machine marked **LINE** and the other end to a modular wall jack.



**Note**

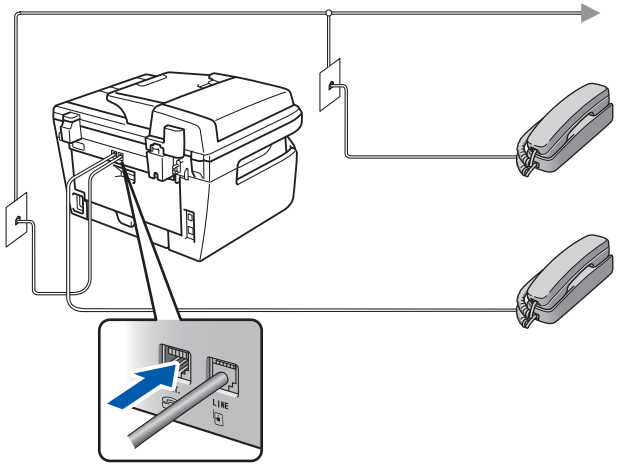
*Make sure the telephone line cord is connected to the jack labeled **LINE** and not the **EXT.** jack.*

**Warning**

- The machine must be grounded using a 3-prong plug.
- Since the machine is grounded through the power outlet, you can protect yourself from potentially hazardous electrical conditions on the telephone network by keeping the power cord connected to your machine when you connect it to a telephone line. Similarly, you can protect yourself when you want to move your machine by disconnecting the telephone line first and then the power cord.

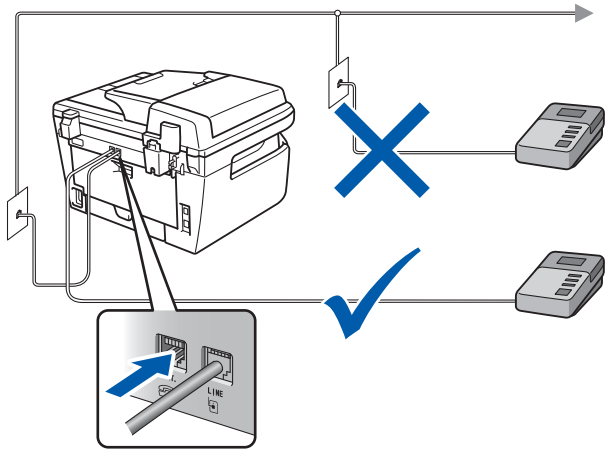
**Note**

*If you are sharing one phone line with an external telephone, connect it as shown below.*



**Note**

*If you are sharing one phone line with an external telephone answering device, connect it as shown below.*



*Please set the receive mode to* `External TAD`.
*For more details, see Choosing the correct Receive Mode on page 9 and Connecting an external TAD in Chapter 7 of the User's Guide.*

## 4 Selecting your language

1. Press **Menu**.
2. Press **0**.
3. Press **0**.
4. Select your language by using or and then press **OK**.
5. Press **Stop/Exit**.

## 5 Setting the LCD contrast

You can change the contrast to help the LCD look lighter or darker.

1. Press **Menu**.
2. Press **1**.
3. Press **7**.
4. Press to increase the contrast.

   **—OR—**

   Press to decrease the contrast.

   Press **OK**.
5. Press **Stop/Exit**.

## 6 Setting the date and time

The machine displays the date and time, and if you setup the station ID, it will add it to each fax you send.

1. Press **Menu**.
2. Press **0**.
3. Press **2**.
4. Enter the last two digits of the year on the dial pad, and then press **OK**.

   ```
   Date&Time
   Year:2008
   ```

   (e.g. Enter **0**, **8** for 2008.)
5. Enter the two digits for the month on the dial pad, and then press **OK**.

   ```
   Date&Time
   Month:03
   ```

   (e.g. Enter **0**, **3** for March.)
6. Enter the two digits for the day on the dial pad, and then press **OK**.

   ```
   Date&Time
   Day:25
   ```

   (e.g. Enter **2**, **5**.)
7. Enter the time in 24-hour format on the dial pad, and then press **OK**.

   ```
   Date&Time
   Time:15:25
   ```

   (e.g. Enter **1**, **5**, **2**, **5** for 3:25 P.M.)
8. Press **Stop/Exit**.

**Note**

*If you make a mistake and want to start again, press **Stop/Exit** and go back to step **1**.*

## 7 Setting your station ID

You should store your name and fax number to be printed on all fax pages that you send.

1. Press **Menu**.
2. Press **0**.
3. Press **3**.
4. Enter your fax number (up to 20 digits) on the dial pad, and then press **OK**.

```
Station ID
Fax:
```

5. Enter your telephone number (up to 20 digits) on the dial pad, and then press **OK**.(If your telephone number and fax number are the same, enter the same number again.)

```
Station ID
Tel:
```

6. Use the dial pad to enter your name (up to 20 characters), and then press **OK**.

```
Station ID
Name:
```

**Note**

- *Refer to the following chart for entering your name.*
- *If you need to enter a character that is on the same key as the previous character, press ► to move the cursor to the right.*
- *If you entered a letter incorrectly and want to change it, press ◄ or ► to move the cursor to the incorrect character, press **Clear/Back**.*

| Press key | One time | Two times | Three times | Four times | Five times |
|---|---|---|---|---|---|
| **2** | A | B | C | 2 | A |
| **3** | D | E | F | 3 | D |
| **4** | G | H | I | 4 | G |
| **5** | J | K | L | 5 | J |
| **6** | M | N | O | 6 | M |
| **7** | P | Q | R | S | 7 |
| **8** | T | U | V | 8 | T |
| **9** | W | X | Y | Z | 9 |

*For more details, see "Entering Text" of the User's Guide.*

7. Press **Stop/Exit**.

**Note**

*(USA only)The Telephone Consumer Protection Act of 1991 makes it unlawful for any person to use a computer or electronic device to send any message via a telephone fax machine unless such messages clearly contain, in a margin at the top or bottom of each transmitted page, or on the first page of the transmission, the date and time it is sent and an identification of the business or other entity or other individual sending the message and the telephone number of the sending machines or such business, other entity or individual.To program this information into your machine, see Setting the date and time on page 7 and Setting your station ID on page 8.*

## 8 Automatic Daylight Savings Time

You can set the machine to change automatically for daylight savings time. It will reset itself forward one hour in the Spring and backward one hour in the Fall.

1. Press **Menu**.
2. Press **1**.
3. Press **5**.
4. Press ▲ or ▼ to choose `On` (or `Off`).

   Press **OK**.
5. Press **Stop/Exit**.

## 9 Choosing the correct Receive Mode

The correct Receive mode is determined by the external devices and telephone subscriber services (Voice Mail, Distinctive Ring, etc.) you have (or will be using) on the same line as the Brother machine.

### Will you be using a Distinctive Ring number for receiving faxes?

Brother uses the term "Distinctive Ring" but telephone companies may have other names for this service such as Custom Ringing, RingMaster, Personalized Ring, Teen Ring, Ident-A-Call, and Smart Ring. See Distinctive Ring in Chapter 7 of the User's Guide for instruction on setting up your machine using this feature.

### Will you be using Voice Mail on the same telephone line as your Brother machine?

If you have Voice Mail on the same telephone line as your Brother machine, there is a strong possibility that Voice mail and the Brother machine will conflict with each other when receiving incoming calls. See Voice Mail in Chapter 7 of the User's Guide for instructions on setting up your machine using this service.

### Will you be using a Telephone Answering Device on the same telephone line as your Brother machine?

Your external telephone answering device (TAD) will automatically answer every call. Voice messages are stored on the external TAD and fax messages are printed. Choose `External TAD` as your receive mode. See the instructions below.

### Will you be using your Brother machine on a dedicated fax line?

Your machine automatically answers every call as a fax. Choose `Fax Only` as your receive mode. See the instructions below.

### Will you be using your Brother machine on the same line as your telephone?

#### Do you want to receive voice calls and faxes automatically

The `Fax/Tel` receive mode is used when sharing the Brother machine and your telephone on the same line. Choose `Fax/Tel` as your receive mode. See the instructions below.
**Important Note:** You can not receive voice messages on either Voice Mail or an answering machine when choosing the `Fax/Tel` mode.

#### Do you expect to receive very few faxes?

Choose `Manual` as your receive mode. You control the phone line and must answer every call yourself. See the instructions below.

1. Press **Menu**.
2. Press **0**.
3. Press **1**.
4. Press or to select the mode.

   Press **OK**.
5. Press **Stop/Exit**.

## 10 Tone and pulse dialing mode (Canada only)

Your machine comes set for Tone dialing service. If you have Pulse dialing service (rotary), you need to change the dialing mode.

1. Press **Menu**.
2. Press **0**.
3. Press **4**.
4. Press or to select `Pulse` (or `Tone`).

   Press **OK**.
5. Press **Stop/Exit**.

## 11 Dial Prefix

The dial prefix setting will automatically dial a predefined number before every fax number you dial. For example: If your phone system requires a 9 to dial an outside number this setting will automatically dial 9 for every fax you send.

1. Press **Menu**.
2. Press **0**.
3. Press **5** (For Canada, press **6**).
4. Enter the prefix number (up to 5 digits) on the dial pad, and then press **OK**.

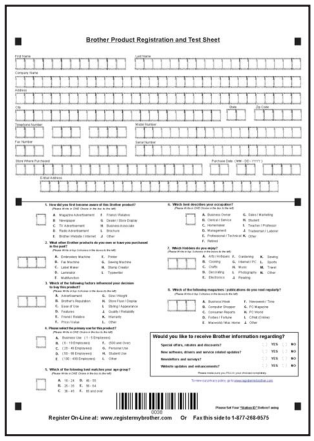
**Note**

- *You can use the number 0 to 9 , # , ✳ and !. (Press **Hook** to display "!".)*
  *You cannot use ! with any other numbers or characters.*
  *If your telephone system requires a timed break recall (hookflash), press **Hook** to enter the break.*
- *If the pulse dialing mode is on, # and * are not available to use. (Canada only)*

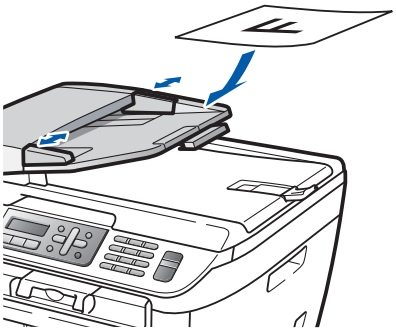
5. Press **Stop/Exit**.

## 12 Sending in the product registration and test sheet (USA only)

**1** Fill out the Product Registration and Test Sheet.



**2** Place the sheet face up in the Automatic Document Feeder.



**Note**

*Make sure* *(**Fax**) is illuminated in Green.*

**3** Enter the toll-free fax number: 1-877-268-9575.

**4** Press **Start**.

**Note**

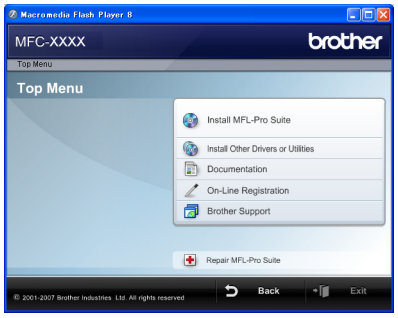
- *You will receive a confirmation fax of your Product Registration.*
- *You can also register your product online using the On-Line Registration link from the installation CD-ROM or go to www.brother.com/registration/.*

**Now go to**

the next page to install the driver and software.

# Supplied CD-ROM ‘MFL-Pro Suite’

## Windows®



**Install MFL-Pro Suite**

You can install the MFL-Pro Suite software and multifunction drivers.

**Install Other Drivers or Utilities**

You can install additional MFL-Pro Suite software utilities.

**Documentation**

View the Software User’s Guide and Network User’s Guide (MFC-7440N and MFC-7345N only) in HTML format. You can also view the manuals in PDF format by accessing the Brother Solutions Center. (Internet access required) The Software User’s Guide and Network User’s Guide include instructions for features available when connected to a computer. (eg. printing, scanning and networking details)

**On-Line Registration**

Register your machine on the Brother product Registration Page.

**Brother Support**

View contact information for Brother Customer Service and how to find a Brother Authorized Service Center. For Supplies Information, visit our site for original/genuine Brother supplies at http://www.brother.com/original/.

**Repair MFL-Pro Suite (For USB users only)**

If an error occurred during the installation of the MFL-Pro Suite, use this selection to automatically repair and re-install the MFL-Pro Suite.

**Note**

*MFL-Pro Suite includes the Printer Driver, Scanner Driver, Brother ControlCenter3, ScanSoft™ PaperPort™ 11SE with OCR by NUANCE™. ScanSoft™ PaperPort™ 11SE is a document management application for scanning and viewing documents.*

## Macintosh®

**Start Here OSX**

You can install the MFL-Pro Suite that includes the printer driver, scanner driver, the Brother ControlCenter2 and BRAdmin Light for Mac OS® X 10.2.4 or greater.

**Documentation**

View the Software User’s Guide and Network User’s Guide (MFC-7440N and MFC-7345N only) in HTML format. You can also view the manuals in PDF format by accessing the Brother Solutions Center. (Internet access required) The Software User’s Guide and Network User’s Guide include instructions for features available when connected to a computer. (eg. printing, scanning and networking details)

**Brother Solutions Center**

Access the Brother Solutions Center for FAQs, User’s Guide, driver updates and tips for using your machine. (Internet access required)

**Presto! PageManager**

You can install Presto!® PageManager® to add OCR capability to the Brother ControlCenter2 and easily scan, share and organize photos and documents.

**On-Line Registration**

Register your machine on the Brother product Registration Page.

**Utilities**

You can find the following additional Utilities from this folder.

- Presto!® PageManager® Uninstaller
- BRAdmin Light (MFC-7440N and MFC-7345N only)

# STEP 2 Installing the Driver & Software

Follow the instructions on this page for your operating system and interface.
For the latest drivers, documentation, and to find the best solution for your problem, access the Brother Solutions Center directly from the CD-ROM / Driver or visit http://solutions.brother.com/.

## Windows®

For USB Interface Cable Users ..... 14

For Windows Server® 2003, see the Network User's Guide on the CD-ROM.

## Macintosh®

For USB Interface Cable Users ..... 20

For Wired Network Interface Users (MFC-7440N and MFC-7345N only) ..... 22

The screens for Windows® in this Quick Setup Guide are based on Windows® XP.
The screens for Mac OS® X in this Quick Setup Guide are based on Mac OS® X 10.4.

# For USB Interface Cable Users (For Windows® 2000 Professional/XP/XP Professional x64 Edition/Windows Vista®)

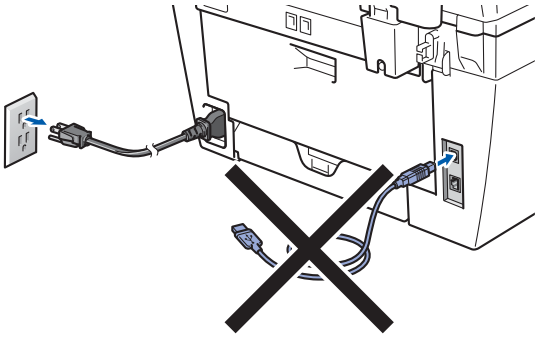
## Important

**Make sure that you have finished the instructions from step 1 *Setting Up the Machine* on pages 4 through 11.**

### Note

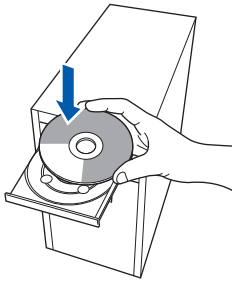
- *Please close any applications running before installing the MFL-Pro Suite.*
- *The supplied CD-ROM includes the ScanSoft™ PaperPort™ 11SE. This software supports Windows® 2000 (SP4 or greater), XP (SP2 or greater), XP Professional x64 Edition and Windows Vista® only. Please update to the latest Windows® Service Pack before installing MFL-Pro Suite.*

**1** Turn off and unplug the machine from the AC outlet and disconnect it from your computer, if you already connected an interface cable.



**2** Turn on your computer. (You must be logged on with administrator rights.)

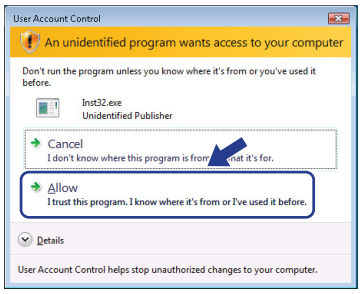
**3** Put the supplied CD-ROM for Windows® into your CD-ROM drive. If the model name screen appears, choose your machine. If the language screen appears, choose your language.



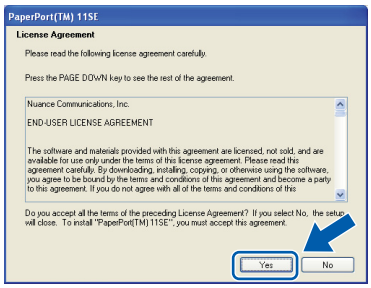
**4** The CD-ROM main menu will appear.Click **Install MFL-Pro Suite**.

### Note

- *If this window does not appear, use Windows® Explorer to run the **start.exe** program from the root folder of the Brother CD-ROM.*
- *For Windows Vista®, when the User Account Control screen appears, click **Allow**.*

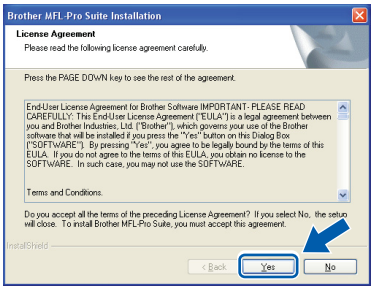


**5** After reading and accepting the ScanSoft™ PaperPort™ 11SE License Agreement, click **Yes**.



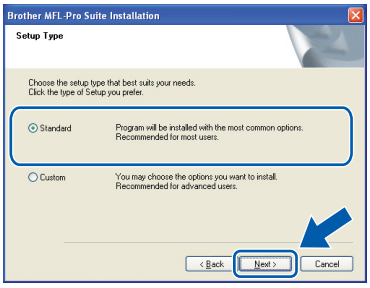
The installation of ScanSoft™ PaperPort™ 11SE will automatically start and is followed by the installation of MFL-Pro Suite.

**6** When the Brother MFL-Pro Suite Software License Agreement window appears, click **Yes** if you agree to the Software Licence Agreement.

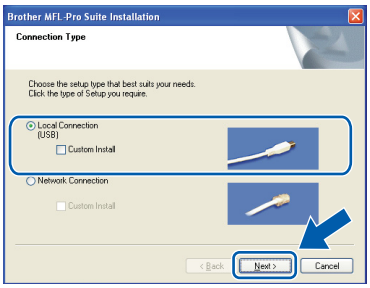


**7** Choose **Standard** (MFC-7340) or **Local Connection (USB)** (MFC-7440N and MFC-7345N), and then click **Next**. The installation will continue.

<MFC-7340>

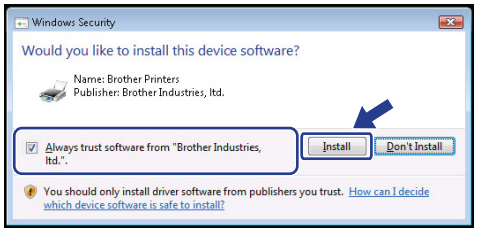


<MFC-7440N and MFC-7345N>

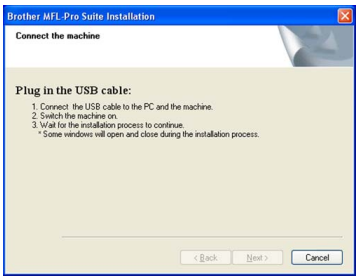


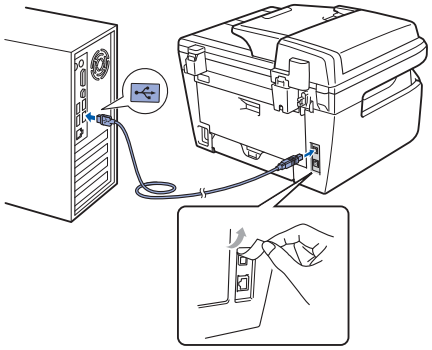
**Note**

*For Windows Vista®, when this screen appears, click the check box and click **Install**.*



**8** When this screen appears, remove the label covering the USB port on the machine. Connect the USB interface cable to your PC, and then connect it to the machine.

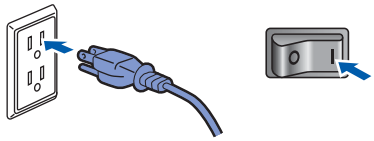




**Improper Setup**

**DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub. Brother recommends that you connect the machine directly to your computer.**

**9** Plug the AC power cord into an AC outlet. Turn the power switch on.



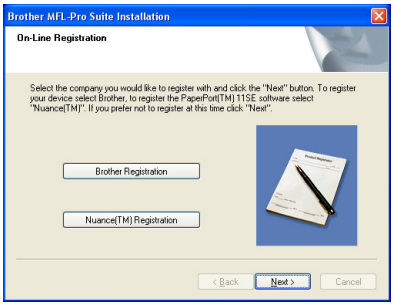
The installation of the Brother drivers will automatically start. **The installation screens appear one after another, please wait for a while.**

**Improper Setup**

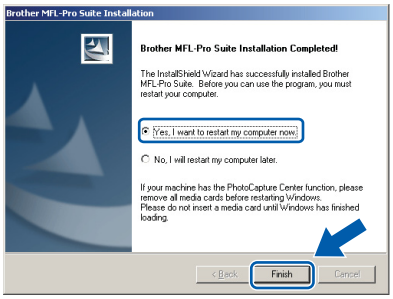
**DO NOT try to cancel any of the screens during this installation.**

Windows® USB

**10** When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions. Once you have completed the registration process, close your web browser to return to this window. Then click **Next**.



**11** Click **Finish** to restart your computer. ( You must be logged on with Administrator rights.)



**Note**

*After restarting the computer, the **Installation Diagnostics** will run automatically. If the installation is unsuccessful, the installation results window will be shown. If the **Installation Diagnostics** shows a failure, please follow the on-screen instruction or read the on-line help and FAQs in **Start/All Programs/ Brother/ MFC-XXXX**.*

OK!

**The MFL-Pro Suite (including printer driver and scanner driver) has been installed and the installation is now complete.**

**Note**

***XML Paper Specification Printer Driver***

*The XML Paper Specification Printer Driver is the most suitable driver when printing from the applications that use the XML Paper Specification documents. Please download the latest driver by accessing the Brother Solutions Center at http://solutions.brother.com/.*

# For Wired Network Interface Users (MFC-7440N and MFC-7345N only) (For Windows® 2000 Professional/XP/XP Professional x64 Edition/Windows Vista®)

## Important

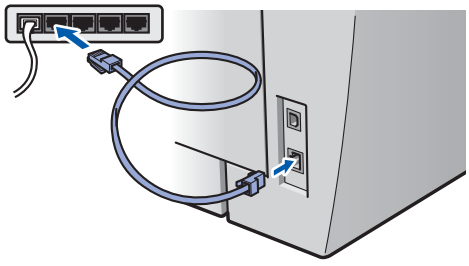
**Make sure that you have finished the instructions from step 1 *Setting Up the Machine* on pages 4 through 11.**

**Note**

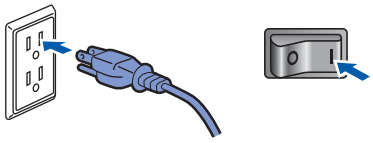
*The supplied CD-ROM includes the ScanSoft™ PaperPort™ 11SE. This software supports Windows® 2000 (SP4 or greater), XP (SP2 or greater), XP Professional x64 Edition and Windows Vista® only. Please update to the latest Windows® Service Pack before installing MFL-Pro Suite.*

**1** Turn off and unplug the machine from the AC outlet.

**2** Connect the network interface cable to the machine, and then connect it to your network.



**3** Plug the AC power cord into an AC outlet. Turn the power switch on.

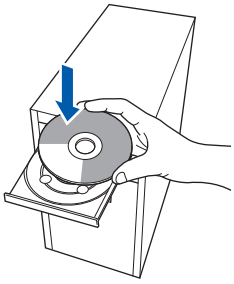


**4** Turn on your computer. (You must be logged on with Administrator rights.) Close any applications running before installing the MFL-Pro Suite.

**Note**

*Before installation, if you are using personal firewall software, disable it. After the installation, restart your personal firewall software.*

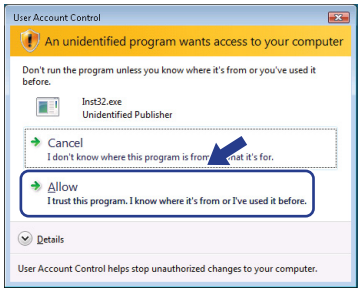
**5** Put the supplied CD-ROM into your CD-ROM drive. If the model name screen appears, choose your machine. If the language screen appears, choose your language.



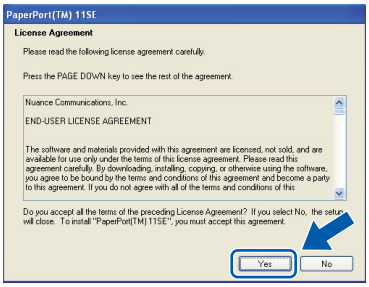
**6** The CD-ROM main menu will appear. Click **Install MFL-Pro Suite**.

**Note**

- *If this window does not appear, use Windows® Explorer to run the **start.exe** program from the root folder of the Brother CD-ROM.*
- *For Windows Vista®, when the User Account Control screen appears, click **Allow**.*

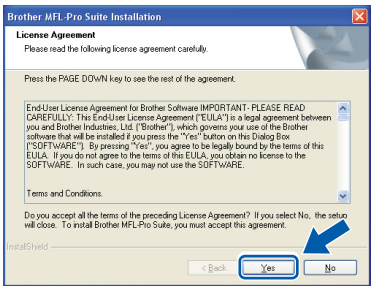


**7** After reading and accepting the ScanSoft™ PaperPort™ 11SE License Agreement, click **Yes**.

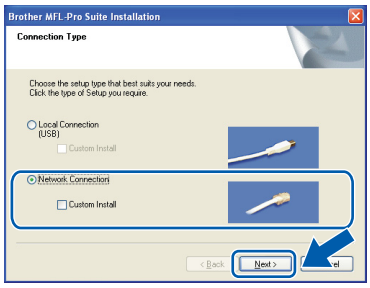


The installation of ScanSoft™ PaperPort™ 11SE will automatically start and is followed by the installation of MFL-Pro Suite.

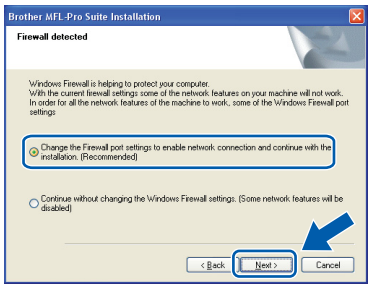
**8** When the Brother MFL-Pro Suite Software License Agreement window appears, click **Yes** if you agree to the Software License Agreement.



**9** Choose **Network Connection**, and then click **Next**.



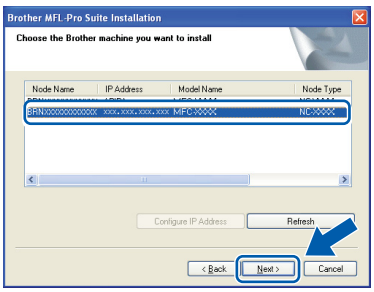
**10** For Windows® XP SP2/XP Professional x64 Edition/Windows Vista® users, when this screen appears, choose **Change the Firewall port settings to enable network connection and continue with the installation. (Recommended)** and click **Next**.



If you are not using the Windows® Firewall, see the User's Guide for your software for information on how to add the following network ports.

- For network scanning, add UDP port 54925.
- For network PC-Fax receiving, add UDP port 54926.
- If you still have trouble with your network connection, add UDP port 137.

**11** If the machine is configured for your network, choose the machine from the list, and then click **Next**.



If your machine shows **APIPA** in the **IP Address** field, click **Configure IP Address** and enter an **IP address** for your machine that is suitable for your network.

**Note**

- *You can find your machine's IP address and the node name by printing out the Network Configuration List. See Print the Network Configuration List on page 27*
- *If the machine is not yet configured for use on your network, the following screen appears.*

*Click **OK**.*
*The **Configure IP Address** window will appear. Enter an **IP address** for your machine that is suitable for your network by following the on-screen instructions.*

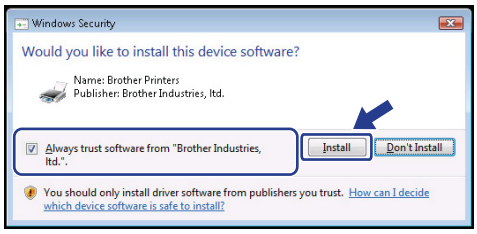
**12** The installation of the Brother drivers will automatically start. **The installation screens appear one after another, please wait for a while.**

### Improper Setup

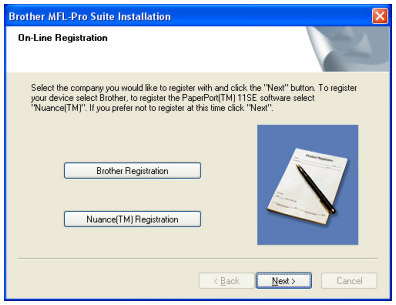
**DO NOT try to cancel any of the screens during this installation.**

### Note

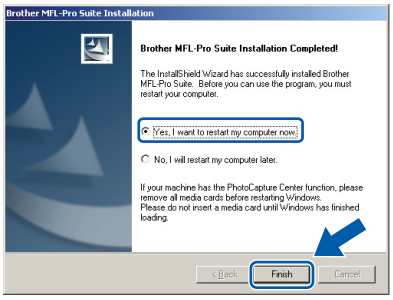
*For Windows Vista®, when this screen appears, click the check box and click **Install**.*



**13** When the On-Line Registration screen is displayed, make your selection and follow the on-screen instructions. Once you have completed the registration process, close your web browser to return to this window. Then click **Next**.



**14** Click **Finish** to restart your computer. (You must be logged on with Administrator rights.)



OK! **The MFL-Pro Suite has been installed and the installation is now complete.**

### Note

- ***XML Paper Specification Printer Driver***
  *The XML Paper Specification Printer Driver is the most suitable driver when printing from the applications that use the XML Paper Specification documents. Please download the latest driver by accessing the Brother Solutions Center at http://solutions.brother.com/.*
- *MFL-Pro Suite includes the Network Printer Driver, Network Scanner Driver, Brother ControlCenter3 and ScanSoft™ PaperPort™ 11SE.*
  *ScanSoft™ PaperPort™ 11SE is a document management application for viewing scanned documents.*
- *After restarting the computer, the **Installation Diagnostics** will run automatically. If the installation is unsuccessful, the installation results window will be shown. If the **Diagnostics** shows a failure, please follow the on-screen instructions or read the on-line help and FAQ's in **Start/ All Programs/Brother/MFC-XXXX LAN**.*

# For USB Interface Cable Users

## For Mac OS® X 10.2.4 or greater

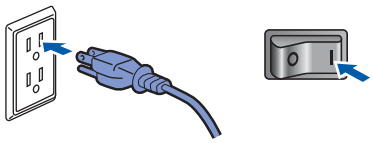
**Important**

**Make sure that you have finished the instructions from step 1 *Setting Up the Machine* on pages 4 through 11.**

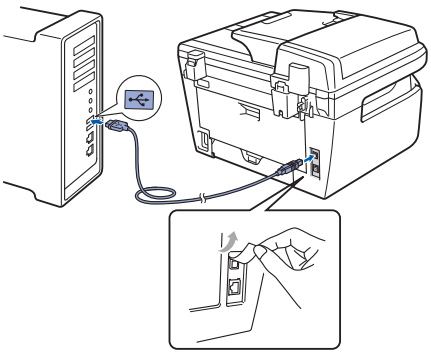
**Note**

*For Mac OS® X 10.2.0 to 10.2.3 users, upgrade to Mac OS® X 10.2.4 or greater. (For the latest information for Mac OS® X, visit http://solutions.brother.com/)*

**1** Plug the AC power cord into an AC outlet. Turn the power switch on.



**2** Remove the label covering the USB port on the machine. Connect the interface cable to your computer, and then connect it to the machine.

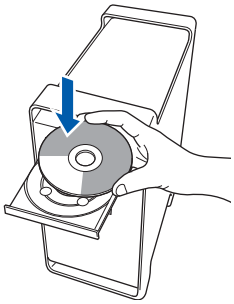


**Improper Setup**

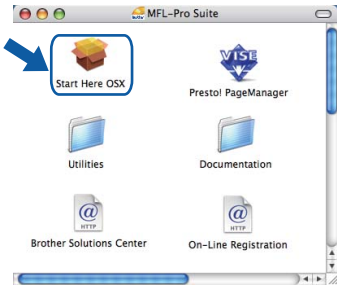
**DO NOT connect the machine to a USB port on a keyboard or a non-powered USB hub. Brother recommends that you connect the machine directly to your computer.**

**3** Turn on your Macintosh®.

**4** Put the supplied CD-ROM into your CD-ROM drive.



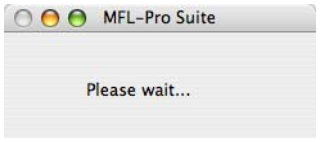
**5** Double-click the **Start Here OSX** icon to install. Follow the on-screen instructions.



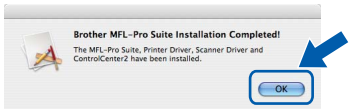
**Note**

*Please wait, it will take a few seconds for the software to install. After the installation, click **Restart** to finish installing the software.*

**6** The Brother software will search for the Brother device. During this time the following screen will appear.



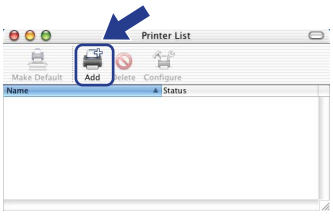
**7** When this screen appears, click **OK**.



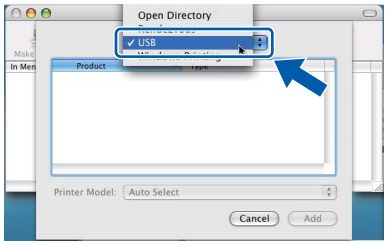
OK!

**For Mac OS® X 10.3.x or greater users: The MFL-Pro Suite, Brother printer driver, scanner driver and Brother ControlCenter2 have been installed and the installation is now complete. Go to step 12.**

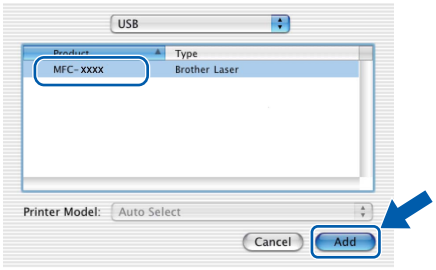
**8** For Mac OS® X 10.2.4 to 10.2.8 users: Click **Add**.



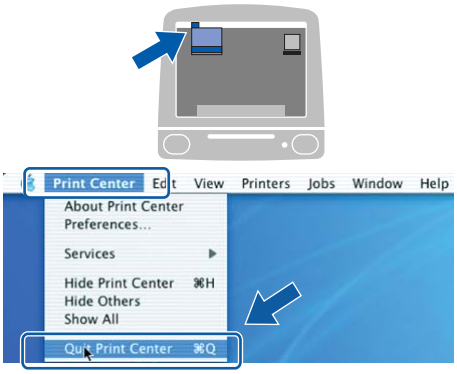
**9** Choose **USB**.



**10** Choose your model name, and then click **Add**.



**11** Click **Print Center**, then **Quit Print Center**.



OK! **The MFL-Pro Suite, Brother printer driver, scanner driver and Brother ControlCenter2 have been installed and the installation is now complete.**

**12** To install Presto!®PageManager®, double-click the **Presto! PageManager** icon and follow the on-screen instructions.

**Note**

*When Presto!®PageManager® is installed OCR capability is added to the Brother ControlCenter2. You can also easily scan, share and organize photos and documents using Presto!® PageManager®.*

OK! **Presto!® PageManager® has been installed and the installation is now complete.**

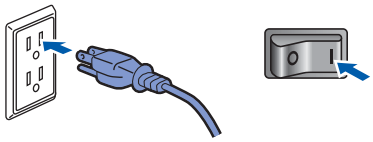
# For Wired Network Interface Users (MFC-7440N and MFC-7345N only)

## For Mac OS® X 10.2.4 or greater

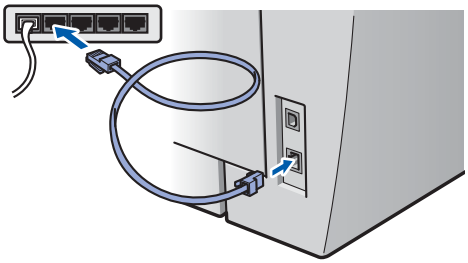
**Important**

**Make sure that you have finished the instructions from step 1 *Setting Up the Machine* on pages 4 through 11.**

**1** Plug the AC power cord into an AC outlet. Turn the power switch on.

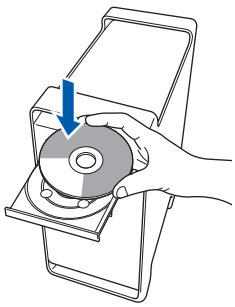


**2** Connect the network interface cable to the machine, and then connect it to your network.

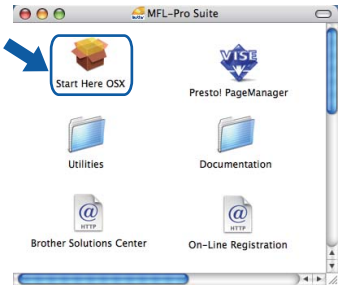


**3** Turn on your Macintosh®.

**4** Put the supplied CD-ROM into your CD-ROM drive.



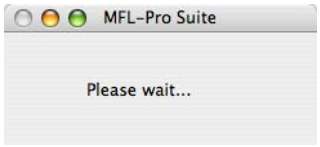
**5** Double-click the **Start Here OSX** icon to install. Follow the on-screen instructions.



**Note**

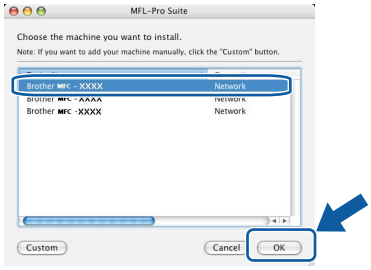
*Please wait, it will take a few seconds for the software to install. After the installation, click **Restart** to finish installing the software.*

**6** The Brother software will search for the Brother device. During this time the following screen will appear.



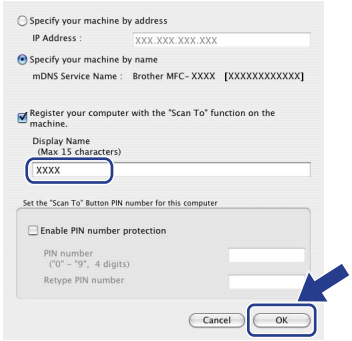
**Note**

- *If the machine is configured for your network, choose the machine from the list, and then click **OK**. This window will not appear if there is only one machine connected on the network, it will be chosen automatically. Go to step **7**.*



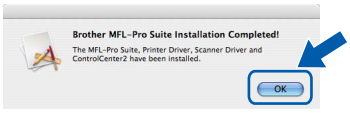
- *If this screen appears click **OK**.*

*Enter a name for your Macintosh® in **Display Name** up to 15 characters long and click **OK**. Go to step **7**.*



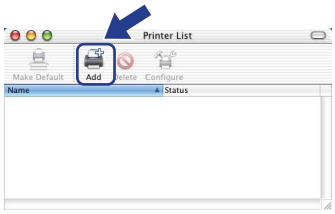
- *If you want to use the machine's Scan key to scan over the network you must check the **Register your computer with the "Scan To" function on the machine** box.*
- *The name you enter will appear on the machine's LCD when you press the **Scan** key and choose a scan option. (For more information, see Network Scanning in the Software User's Guide on the CD-ROM.)*

**7** When this screen appears, click **OK**.

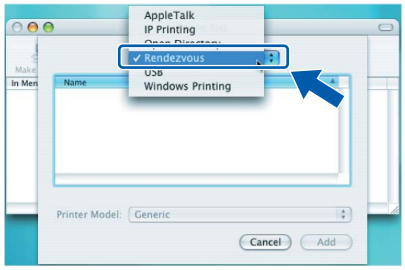


**For Mac OS® X 10.3.x or greater users: The MFL-Pro Suite, Brother printer driver, scanner driver and Brother ControlCenter2 have been installed and the installation is now complete. Go to step 12.**

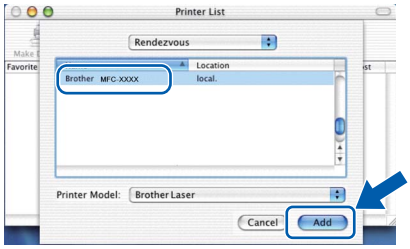
**8** For Mac OS® X 10.2.4 to 10.2.8 users: Click **Add**.



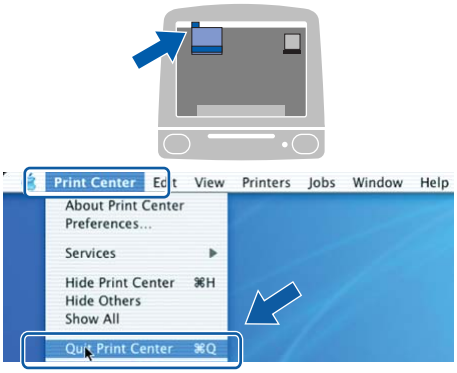
**9** For Mac OS® X 10.2.4 to 10.2.8 users: Make the selection shown below.



**10** Choose your model name, and then click **Add**.



**11** Click **Print Center**, then **Quit Print Center**.



OK! **The MFL-Pro Suite, Brother printer driver, scanner driver and Brother ControlCenter2 have been installed and the installation is now complete.**

**12** To install Presto!®PageManager®, double-click the **Presto! PageManager** icon and follow the on-screen instructions.

**Note**

*When Presto!®PageManager® is installed OCR capability is added to the Brother ControlCenter2. You can also easily scan, share and organize photos and documents using Presto!® PageManager®.*

OK! **Presto!® PageManager® has been installed and the installation is now complete.**

# BRAdmin Light utility (For Windows® users)

BRAdmin Light is a utility for initial setup of Brother network connected devices. It also can search for Brother products on your network, view the status and configure basic network settings, such as IP address.
For more information on BRAdmin Light, visit us at http://solutions.brother.com/.

**Note**

*If you require more advanced printer management, use the latest Brother BRAdmin Professional utility version that is available as a download from http://solutions.brother.com/.*

## Installing the BRAdmin Light configuration utility

**Note**

*The default password for the print server is '**access**'. You can use BRAdmin Light to change this password.*

**1** Click **Install Other Drivers or Utilities** on the menu screen.

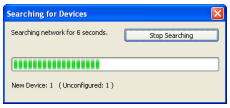
**2** Click **BRAdmin Light** and follow the on-screen instructions.

## Setting your IP address, Subnet Mask and Gateway using BRAdmin Light

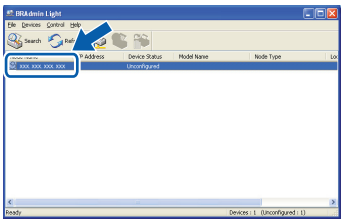
**Note**

*If you have a DHCP/BOOTP/RARP server in your network, you don't have to do the following operation. The print server will automatically obtain its own IP address.*

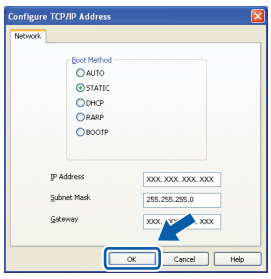
**1** Start BRAdmin Light. It will search for new devices automatically.



**2** Double-click the unconfigured device.



**3** Choose **STATIC** for the **Boot Method**. Enter the **IP Address**, **Subnet Mask** and **Gateway**, and then click **OK**.



**4** The address information will be saved to the machine.

## BRAdmin Light utility (For Mac OS® X users)

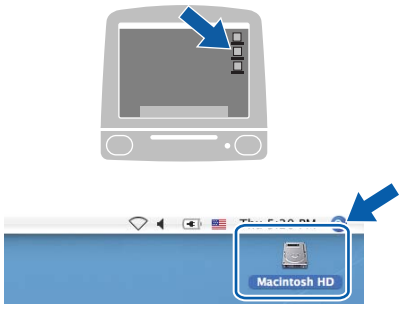
BRAdmin Light is a utility for initial setup of Brother network connected devices. It also can search for Brother products on your network, view the status and configure basic network settings, such as IP address from a computer running Mac OS® X 10.2.4 or greater.
The BRAdmin Light software will be installed automatically when you install the printer driver. If you have already installed the printer driver, you don't have to install it again. For more information on BRAdmin Light, visit us at http://solutions.brother.com/.

### Setting your IP address, Subnet Mask and Gateway using BRAdmin Light

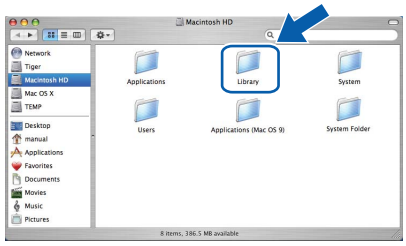
**Note**

- *If you have a DHCP/BOOTP/RARP server in your network, you don't have to do the following operation. The print server will automatically obtain its own IP address.*
- *Make sure that version 1.4.1_07 or later of Java™ client software is installed on your computer.*
- *The default password for the print server is '**access**'. You can use BRAdmin Light to change this password.*

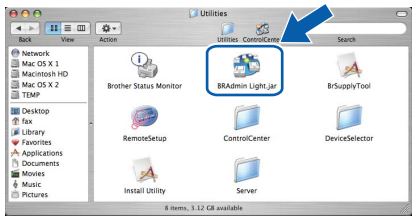
**1** Double-click the **Macintosh HD** icon on your desktop.



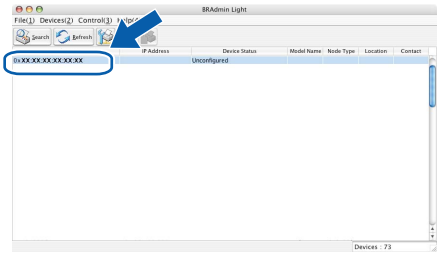
**2** Choose **Library**, **Printers**, **Brother** and then **Utilities**.



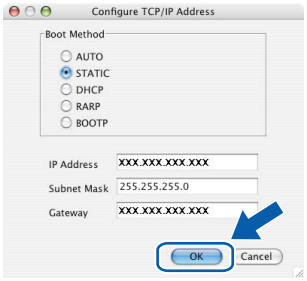
**3** Double-click the file **BRAdmin Light.jar** and run the software. BRAdmin Light will then search for new devices automatically.



**4** Double-click the unconfigured device.



**5** Choose **STATIC** for the **Boot Method**. Enter the **IP Address**, **Subnet Mask** and **Gateway**, and then click **OK**.



**6** The address information will be saved to the machine.

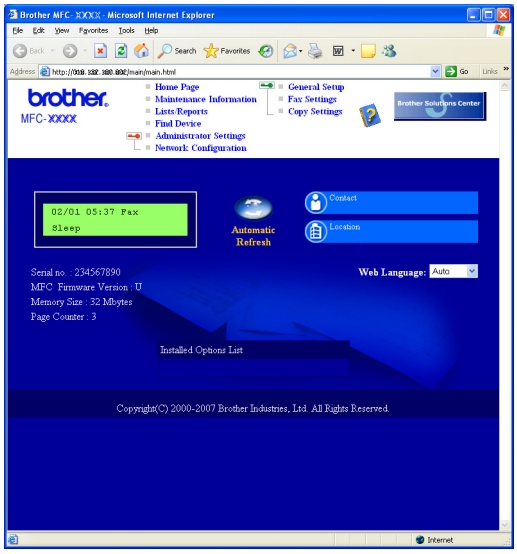
## Web Based Management (web browser)

The Brother print server is equipped with a web server that allows you to monitor its status or change some of its configuration settings, using HTTP (Hyper Text Transfer Protocol).

**Note**

- *The User Name is '**admin**' and the default password is '**access**'. You can use a web browser to change this password.*
- *We recommend Microsoft Internet Explorer 6.0® (or higher) or Firefox® 1.0 (or higher) for Windows® and Safari™ 1.0 for Macintosh®. Please also make sure that JavaScript and cookies are always enabled in whichever browser you use. We recommend you upgrade to Safari™ 1.2 or higher to enable JavaScript. To use a web browser, you will need to know the IP address of the print server.*

1. Open your browser.
2. Type http:// printer_ip_address /into your browser (Where "printer_ip_address" is the IP address of the printer or the print server name).
   - For example http://192.168.1.2/



*See Chapter 2 of the Network User's Guide.*

## Restoring the network settings to factory default

To restore all network settings of the internal Print/Scan server to factory default, please follow the steps below.

1. Make sure the machine is not in use, then disconnect all the cables from the machine (except power cable).
2. Press **Menu**, **4**, **0**.
3. Press **1** to select `Reset`.
4. Press **1** to select `Yes`.
5. The machine will restart. Re-connect cables once this is complete.

## Print the Network Configuration List

You can print the Network Configuration List to confirm the current network settings. To print the Network Configuration List:

1. Make sure that the front cover is closed and the power cord is plugged in.
2. Turn on the machine and wait until the machine is in the Ready state.
3. Press **Reports** and or to select Network Configuration. Press **OK**. The machine will print the current network settings.

## Consumables

When the time comes to replace consumable items, an error message will be indicated on the LCD.
For more information about the consumables for your machine, visit us at http://solutions.brother.com/ or contact your local Brother reseller.
